About Our Company, Controllers, and Service

At Flash Track Lighting, we are the Chase Light Controller Experts.

We have been designing and selling our own chase light controller models since 1996, so you can be certain that you will get a reliable, top quality controller when you buy from us.

No matter what type of display you wish to program, we are here to help you every step of the way for no additional charge, from choosing the right controller for your display to wiring your lights for the desired effect.

Call us at 636-391-1161 or email us at Sales@FlashTrackLighting.com for expert service and to purchase your chase light controller. (We ONLY accept orders by phone or email so that we can make sure you are getting the right controller for your display needs.)

Key Features of Our Controllers

(These features are included with ALL our controllers, both smart chaser and programmable models.)

- Plug and Play Ready with MANY Chase Patterns Included
- Variable Speed Control with Speed Pot on Outside of Box that Lets You Dial in the Perfect Speed
- Full Expert, Technical Support Included for NO additional charge
- 1 Year Warranty for Smart Chasers and 2 Year Warranty for Programmables
- Built with UL listed parts and fuse protected with solid-state circuitry
- Outdoor, weather-resistant aluminum controller boxes built to withstand the harshest of conditions
- 220 Volt Adapter built-in to all models (except the 3TSC-10) to comply with European standards
- Smart Chasers have 2-Prong Receptacles while Programmables have 3-Prong Receptacles

Controller Models and Pricing

Smart Chasers	Max Amps	Price
3 Track Smart Chaser (3TSC-10)	10	\$180
4 Track Smart Chaser (4TSC-18)	18	\$240
6 Track Smart Chaser (6TSC-18)	18	\$290
8 Track Smart Chaser (8TSC-18)	18	\$340

Programmables	Amps (Max)	Price
4 Track Programmable (4TP-18)	18 (36)	\$305
6 Track Programmable (6TP-18)	18 (36)	\$355
8 Track Programmable (8TP-18)	18 (36)	\$405
10 Track Programmable (10TP-36)	36 (70)	\$660
12 Track Programmable (12TP-36)	36 (70)	\$710
14 Track Programmable (14TP-36)	36 (70)	\$760
16 Track Programmable (16TP-36)	36 (70)	\$810
18 Track Programmable (18TP-54)	54 (100)	\$1,065
20 Track Programmable (20TP-54)	54 (100)	\$1,115
22 Track Programmable (22TP-54)	54 (100)	\$1,165
24 Track Programmable (24TP-54)	54 (100)	\$1,215

A Few Notes on Programmables

- Pricing for programmable controllers does not include programming a custom pattern. This is charged separately, and usually costs \$50. (Price may be higher for complex or time-consuming projects.)
- All programmable controllers come with the standard available amperage. The amperage in () is available for a small upgrade fee. *Contact us about the MANY additional upgrade features available!*
